MFA utilizes housing bonds, tax credits and other state and federal resources to fund more than 30 affordable housing programs.
“Now we have a place where our children can build memories.”
– Monica Anderson

The New Mexico Mortgage Finance Authority (MFA) was created in 1975 by the New Mexico State Legislature to provide quality affordable housing opportunities to New Mexico residents. MFA is one of more than 50 such agencies that serve each state within the United States, as well as Puerto Rico and the U.S. Virgin Islands. MFA is governed by a seven-member board. A Legislative Oversight Committee approves its rules and regulations and discusses proposed housing-related legislative initiatives. MFA receives no state funding for its operating budget.

MFA utilizes housing bonds, tax credits and other federal and state resources to fund more than 30 housing programs. Programs include mortgage and down payment assistance for first-time home buyers, construction and rehabilitation of affordable for sale and rental homes, homelessness prevention and emergency shelter, weatherization services, rental assistance and housing for people with special needs. Programs are administered through partnerships with public and private funders, developers, real estate agents, mortgage lenders, non-profit housing service providers and local and tribal governments.

Since its inception, MFA has provided $5.5 billion in affordable housing grants and loans. In 2012, MFA funded more than $223 million in low-interest rate financing and grants including $110 million in mortgages and down payment assistance to approximately 911 first-time homebuyers throughout New Mexico.

HOUSING SERVICES PROVIDERS

- Agencies Listed Alphabetically
- Agencies Listed by Housing Services Provided
- Agencies Listed by Area

Each year, MFA provides funding for emergency shelter and services for almost 9,000 people.
MFA partners with not-for-profit organizations throughout the state to provide a variety of housing services including emergency shelter, utility, rent or mortgage assistance and home repair. Many of these organizations also provide non-housing support services such as substance abuse counseling, job training and other family support programs.

MFA also partners with agencies that provide housing for specialized populations, such as the elderly or individuals who are developmentally or physically disabled. Some agencies also provide transitional housing for individuals fleeing domestic violence or homelessness.

The housing provider listing below is coded to indicate what services are provided by each organization. At the end of this section, providers are listed by region and also by the type of services they offer. If you are unable to find the help you need, please call the MFA office at 1-800-444-6880.

RENTAL PROPERTIES

- Affordable Rental Properties
- Subsidized Rental Properties

MFA processes rental assistance payments for more than 5,300 households every month.
Affordable Rental Properties

Apartment homes and rental properties are called “affordable” when residents are required to meet certain income criteria in order to live at the property and when rental rates are set at or below the average rate for similar properties in the area. Income criteria and rental rate guidelines are updated every year by the federal government for each county in New Mexico. The current amounts are available on MFA’s website at www.housingnm.org/affordable-housing-county.

The properties listed below are owned and managed by a variety of entities that include housing authorities, non-profit organizations, for-profit companies and private owners. MFA does not own or manage any affordable rental properties in New Mexico.

Steps to apply for residency at an affordable rental property:

1. Call or visit the property.
2. Ask about income qualification, rental rates and availability.
3. Request and complete an application. Ask if the application will be reviewed right away or if your application will be added to a waiting list.

PLEASE NOTE: In addition to income requirements, each property will have additional criteria that must be met by potential residents. Information about the number of persons in the household, credit history, rental history and a background check will be required. Additional qualifying information may be required for specific properties.

Subsidized Rental Properties

Apartment homes and rental properties are called “subsidized” when the property owner receives government assistance to help pay a portion of the rent charged. This assistance allows the owner to reduce the amount of rent charged. Rental rates for subsidized rentals will not exceed 30 percent of the household’s income after any qualifying adjustment to reduce total income.

New Mexico’s subsidized properties include rental homes for families, the elderly and individuals with a mental or physical disability. The listing below indicates the type of subsidized rentals each property offers:

- DD-Developmentally Disabled
- E-Elderly
- SN-Special Needs

All listings that are not coded are family properties.

Each property will have information available that explains how each of the above categories are defined.

Properties are owned and managed by a variety of entities that include housing authorities, non-profit organizations, for-profit companies and private owners. MFA does not own or manage any properties in New Mexico.

Steps to apply for residency at a subsidized rental property:

1. Call or visit the property.
2. Ask about income qualification, rental rates and availability.
3. Request and complete an application. Ask if the application will be reviewed right away or if your application will be added to a waiting list.

PLEASE NOTE: Owners may close a property’s waiting list if there are a great number of applicants – something that is not unusual for subsidized properties.

In addition to income requirements, each property will have additional criteria that must be met by potential residents. Information about the number of persons in the household, credit history, rental history and a background check will be required. Additional qualifying information may be required for specific properties.

A security deposit – not to exceed an amount equal to monthly rent – will be required at the time a rental agreement is signed. Application and/or screening fees are prohibited.

AFFORDABLE HOUSING ORGANIZATIONS

• Housing Authorities and Government Agencies
• Habitat for Humanity
• Developers and Technical Assistance Providers
• Trade Associations

MFA has helped fund 487 of the 600 homes built by Habitat for Humanity in New Mexico.
Local housing authorities exist to create and maintain affordable housing in communities throughout New Mexico. These authorities also manage affordable rental housing and rental vouchers in their communities. Three regional housing authorities work to provide affordable housing in underserved areas of the state that do not have adequate local or municipal housing authorities. Regional authorities also manage affordable rental housing and rental vouchers and create new affordable housing programs in areas.

State agencies like the Governor’s Commission on Disability and the Department of Health help special needs individuals and families find safe, affordable housing in New Mexico. Federal agencies like USDA Rural Development provide funding for affordable housing throughout the state.

Habitat for Humanity in New Mexico has 16 affiliate organizations that work with volunteers in communities throughout the state to provide simple, decent homes for low-income families earning less than 50 percent of the Area Median Income. Over the last 25 years, thousands of volunteers from New Mexico and around the country have contributed more than 2 million volunteer hours to make homeownership a reality for more than 600 families in our state.

MFA has partnered with Habitat since 1992. MFA has provided funding for 487 of the 600 homes Habitat has built in New Mexico for a total of almost $20 million. More than $16 million of that funding provided zero-interest mortgages and down payment assistance to Habitat families.
