Attachment J: HOPWA CAPER 2013

Housing Opportunities for Persons with AIDS (HOPWA) Program

Consolidated Annual Performance and Evaluation Report (CAPER) Measuring Performance Outcomes

OMB Number 2506-0133 (Expiration Date: 10/31/2014)

The CAPER report for HOPWA formula grantees provides annual information on program accomplishments that supports program evaluation and the ability to measure program beneficiary outcomes as related to: maintain housing stability; prevent homelessness; and improve access to care and support. This information is also covered under the Consolidated Plan Management Process (CPMP) report and includes Narrative Responses and Performance Charts required under the Consolidated Planning regulations. The public reporting burden for the collection of information is estimated to average 42 hours per manual response, or less if an automated data collection and retrieval system is in use, along with 60 hours for record keeping, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Grantees are required to report on the activities undertaken only, thus there may be components of these reporting requirements that may not be applicable. This agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless that collection displays a valid OMB control number.

Overview. The Consolidated Annual Performance and Evaluation Report (CAPER) provides annual performance reporting on client outputs and outcomes that enables an assessment of grantee performance in achieving the housing stability outcome measure. The CAPER, in conjunction with the Integrated Disbursement Information System (IDIS), fulfills statutory and regulatory program reporting requirements and provides the grantee and HUD with the necessary information to assess the overall program performance and accomplishments against planned goals and objectives.

HOPWA formula grantees are required to submit a CAPER, and complete annual performance information for all activities undertaken during each program year in the IDIS, demonstrating coordination with other Consolidated Plan resources. HUD uses the CAPER and IDIS data to obtain essential information on grant activities, project sponsors, Subrecipient organizations, housing sites, units and households, and beneficiaries (which includes racial and ethnic data on program participants). The Consolidated Plan Management Process tool (CPMP) provides an optional tool to integrate the reporting of HOPWA specific activities with other planning and reporting on Consolidated Plan activities.

<u>PART 5: Worksheet - Determining Housing Stability Outcomes</u> <u>PART 6: Annual Certification of Continued Use for HOPWA Facility-</u> <u>Based Stewardship Units (Only)</u>

- PART 7: Summary Overview of Grant Activities
- A. Information on Individuals, Beneficiaries and Households Receiving HOPWA Housing Subsidy Assistance (TBRA, STRMU, PHP,Facility Based Units, Master Leased Units ONLY)
- B. Facility-Based Housing Assistance

Continued Use Periods. Grantees that received HOPWA funding for new construction, acquisition, or substantial rehabilitations are required to operate their facilities for HOPWA-eligible beneficiaries for a ten (10) years period. If no further HOPWA funds are used to support the facility, in place of completing Section 7B of the CAPER, the grantee must submit an Annual Certification of Continued Project Operation throughout the required use periods. This certification is included in Part 6 in CAPER. The required use period is three (3) years if the rehabilitation is non-substantial.

In connection with the development of the Department's standards for Homeless Management Information Systems (HMIS), universal data elements are being collected for clients of <u>HOPWA-funded homeless</u> <u>assistance projects</u>. These project sponsor/subrecipient records would include: Name, Social Security Number, Date of Birth, Ethnicity and Race, Gender, Veteran Status, Disabling Conditions, Residence Prior to Program Entry, Zip Code of Last Permanent Address, Housing Status, Program Entry Date, Program Exit Date, Personal Identification Number, and Household Identification Number. These are intended to match the elements under HMIS. The HOPWA program-level data elements include: Income and Sources, Non-Cash Benefits, HIV/AIDS Status, Services Provided, and Housing Status or Destination at the end of the operating year. Other suggested but optional elements are: Physical Disability, Developmental Disability, Chronic Health Condition, Mental Health, Substance Abuse, Domestic Violence, Date of Contact, Date of Engagement, Financial Assistance, Housing Relocation & Stabilization Services, Employment, Education, General Health Status, , Pregnancy Status, Reasons for Leaving, Veteran's Information, and Children's Education. Other HOPWA projects sponsors may also benefit from collecting these data elements.

Final Assembly of Report. After the entire report is assembled, please number each page sequentially.

Filing Requirements. Within 90 days of the completion of each program year, grantees must submit their completed CAPER to the CPD Director in the grantee's State or Local HUD Field Office, and to the HOPWA Program Office: at <u>HOPWA@hud.gov</u>. Electronic submission to HOPWA Program office is preferred; however, if electronic submission is not possible, hard copies can be mailed to: Office of HIV/AIDS Housing, Room 7212, U.S. Department of Housing and Urban Development, 451 Seventh Street, SW, Washington, D.C.

Record Keeping. Names and other individual information must be kept confidential, as required by 24 CFR 574.440. However, HUD reserves the right to review the information used to complete this report for grants management oversight purposes, except for recording any names and other identifying information. In the case that HUD must review client level data, no client names or identifying information will be retained or recorded. Information is reported in aggregate to HUD without personal identification. Do not submit client or personal information in data systems to HUD.

Definitions

Adjustment for Duplication: Enables the calculation of unduplicated output totals by accounting for the total number of households or units that received more than one type of HOPWA assistance in a given service category such as HOPWA Subsidy Assistance or Supportive Services. For example, if a client household received both TBRA and STRMU during the operating year, report that household in the category of HOPWA Housing Subsidy Assistance in Part 3, Chart 1, Column [1b] in the following manner:

H	OPWA Housing Subsidy Assistance	[1] Outputs: Number of Households
1.	Tenant-Based Rental Assistance	79
2a.	Permanent Housing Facilities: Received Operating Subsidies/Leased units	
2b.	Transitional/Short-term Facilities: Received Operating Subsidies	
3a.	Permanent Housing Facilities: Capital Development Projects placed in service during the operating year	n/a
3b.	Transitional/Short-term Facilities: Capital Development Projects placed in service during the operating year	n/a
4.	Short-term Rent, Mortgage, and Utility Assistance	240
5.	Adjustment for duplication (subtract)	42
6.	TOTAL Housing Subsidy Assistance (Sum of Rows 1-4 minus Row 5)	277

Administrative Costs: Costs for general management, oversight, coordination, evaluation, and reporting. By statute, grantee administrative costs are limited to 3% of total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive.

Beneficiary(ies): All members of a household who received HOPWA assistance during the operating year including the one individual who qualified the household for HOPWA assistance as well as any other members of the household (with or without HIV) who benefitted from the assistance.

Central Contractor Registration (CCR): The primary registrant database for the U.S. Federal Government. CCR collects, validates, stores, and disseminates data in support of agency acquisition missions, including Federal agency contract and assistance awards. Both current and potential federal government registrants (grantees) are required to register in CCR in order to be awarded contracts by the federal government. Registrants must update or renew their registration at least once per year to maintain an active status. Although recipients of direct federal contracts and grant awards have been required to be registered with CCR since 2003, this requirement is now being extended to indirect recipients of federal funds with the passage of ARRA (American Recovery and Reinvestment Act). Per ARRA and FFATA (Federal Funding Accountability and Transparency Act) federal regulations, all grantees and sub-grantees or subcontractors receiving federal grant awards or contracts must have a DUNS (Data Universal Numbering System) Number.

Chronically Homeless Person: An individual or family who : (i) is homeless and lives or resides individual or family who: (i) Is homeless and lives or resides in a place not meant for human habitation, a safe haven, or in an emergency shelter; (ii) has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least 1 year or on at least 4 separate occasions in the last 3 years; and (iii) has an adult head of household (or a minor head of household if no adult is present in the household) with a diagnosable substance use disorder, serious mental illness, developmental disability (as defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15002)), post traumatic stress disorder, cognitive impairments resulting from a brain injury, or chronic physical illness or disability, including the co-occurrence of 2 or more of those conditions. Additionally, the statutory definition includes as chronically homeless a person who currently lives or resides in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital or other similar facility, and has resided there for fewer than 90 days if such person met the other criteria for homeless prior to entering that facility. (See 42 U.S.C. 11360(2))This does not include doubled-up or overcrowding situations.

Disabling Condition: Evidencing a diagnosable substance use disorder, serious mental illness, developmental disability, chronic physical illness, or disability, including the co-occurrence of two or more of these conditions. In addition, a disabling condition may limit an individual's ability to work or perform one or more activities of daily living. An HIV/AIDS diagnosis is considered a disabling condition.

Facility-Based Housing Assistance: All eligible HOPWA Housing expenditures for or associated with supporting facilities including community residences, SRO dwellings, short-term facilities, project-based rental units, master leased units, and other housing facilities approved by HUD.

Faith-Based Organization: Religious organizations of three types: (1) congregations; (2) national networks, which include national denominations, their social service arms (for example, Catholic Charities, Lutheran Social Services), and networks of related organizations (such as YMCA and YWCA); and (3) freestanding religious organizations, which are incorporated separately from congregations and national networks.

Grassroots Organization: An organization headquartered in the local community where it provides services; has a social services budget of \$300,000 or less annually, and six or fewer full-time equivalent employees. Local affiliates of national organizations are not considered

"grassroots."

HOPWA Eligible Individual: The one (1) low-income person with HIV/AIDS who qualifies a household for HOPWA assistance. This person may be considered "Head of Household." When the CAPER asks for information on eligible individuals, report on this individual person only. Where there is more than one person with HIV/AIDS in the household, the additional PWH/A(s), would be considered a beneficiary(s).

HOPWA Housing Information Services: Services dedicated to helping persons living with HIV/AIDS and their families to identify, locate, and acquire housing. This may also include fair housing counseling for eligible persons who may encounter discrimination based on race, color, religion, sex, age, national origin, familial status, or handicap/disability.

HOPWA Housing Subsidy Assistance Total: The unduplicated number of households receiving housing subsidies (TBRA, STRMU, Permanent Housing Placement services and Master Leasing) and/or residing in units of facilities dedicated to persons living with HIV/AIDS and their families and supported with HOPWA funds during the operating year.

Household: A single individual or a family composed of two or more persons for which household incomes are used to determine eligibility and for calculation of the resident rent payment. The term is used for collecting data on changes in income, changes in access to services, receipt of housing information services, and outcomes on achieving housing stability. Live-In Aides (see definition for Live-In Aide) and nonbeneficiaries (e.g. a shared housing arrangement with a roommate) who resided in the unit are not reported on in the CAPER.

Housing Stability: The degree to which the HOPWA project assisted beneficiaries to remain in stable housing during the operating year. See *Part 5: Determining Housing Stability Outcomes* for definitions of stable and unstable housing situations.

In-kind Leveraged Resources: These involve additional types of support provided to assist HOPWA beneficiaries such as volunteer services, materials, use of equipment and building space. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the rate established in HUD notices, such as the rate of ten dollars per hour. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sales, advertised prices, appraisals, or other information for comparable property similarly situated.

Leveraged Funds: The amount of funds expended during the operating year from non-HOPWA federal, state, local, and private sources by grantees or sponsors in dedicating assistance to this client population. Leveraged funds or other assistance are used directly in or in support of HOPWA program delivery.

Live-In Aide: A person who resides with the HOPWA Eligible Individual and who meets the following criteria: (1) is essential to the care and wellbeing of the person; (2) is not obligated for the support of the person; and (3) would not be living in the unit except to provide the necessary supportive services. *See the Code of Federal Regulations Title 24, Part 5.403 and the HOPWA Grantee Oversight Resource Guide for additional reference.*

Master Leasing: Applies to a nonprofit or public agency that leases units of housing (scattered-sites or entire buildings) from a landlord, and subleases the units to homeless or low-income tenants. By assuming the tenancy burden, the agency facilitates housing of clients who may not be able to maintain a lease on their own due to poor credit, evictions, or lack of sufficient income.

Operating Costs: Applies to facility-based housing only, for facilities that are currently open. Operating costs can include day-to-day housing

function and operation costs like utilities, maintenance, equipment, insurance, security, furnishings, supplies and salary for staff costs directly related to the housing project but not staff costs for delivering services.

Outcome: The degree to which the HOPWA assisted household has been enabled to establish or maintain a stable living environment in housing that is safe, decent, and sanitary, (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness, and improve access to HIV treatment and other health care and support.

Output: The number of units of housing or households that receive HOPWA assistance during the operating year.

Permanent Housing Placement: A supportive housing service that helps establish the household in the housing unit, including but not limited to reasonable costs for security deposits not to exceed two months of rent costs.

Program Income: Gross income directly generated from the use of HOPWA funds, including repayments. See grant administration requirements on program income for state and local governments at 24 CFR 85.25, or for non-profits at 24 CFR 84.24.

Project-Based Rental Assistance (PBRA): A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor or Subrecipient. Assistance is tied directly to the properties and is not portable or transferable.

Project Sponsor Organizations: Any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee to provide eligible housing and other support services or administrative services as defined in 24 CFR 574.300. Project Sponsor organizations are required to provide performance data on households served and funds expended. Funding flows to a project sponsor as follows:

Short-Term Rent, Mortgage, and Utility (STRMU) Assistance: A time-limited, housing subsidy assistance designed to prevent homelessness and increase housing stability. Grantees may provide assistance for up to 21 weeks in any 52 week period. The amount of assistance varies per client depending on funds available, tenant need and program guidelines.

Stewardship Units: Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction and rehabilitation that no longer receive operating subsidies from HOPWA. Report information for the units is subject to the three-year use agreement if rehabilitation is non-substantial and to the ten-year use agreement if rehabilitation is substantial.

Subrecipient Organization: Any organization that receives funds from a project sponsor to provide eligible housing and other support services and/or administrative services as defined in 24 CFR 574.300. If a subrecipient organization provides housing and/or other supportive services directly to clients, the subrecipient organization must provide performance data on household served and funds expended. Funding flows to subrecipients as follows:

HUD Funding \longrightarrow Grantee \longrightarrow Project Sponsor \longrightarrow Subrecipient

Tenant-Based Rental Assistance (TBRA): TBRA is a rental subsidy program similar to the Housing Choice Voucher program that grantees can provide to help low-income households access affordable housing. The TBRA voucher is not tied to a specific unit, so tenants may move to a different unit without losing their assistance, subject to individual program rules. The subsidy amount is determined in part based on household income and rental costs associated with the tenant's lease.

Transgender: Transgender is defined as a person who identifies with, or presents as, a gender that is different from his/her gender at birth.

Veteran: A veteran is someone who has served on active duty in the Armed Forces of the United States. This does not include inactive military reserves or the National Guard unless the person was called up to active duty.

Part 1: Grantee Executive Summary

As applicable, complete the charts below to provide more detailed information about the agencies and organizations responsible for the administration and implementation of the HOPWA program. Chart 1 requests general Grantee Information and Chart 2 is to be completed for each organization selected or designated as a project sponsor, as defined by CFR 574.3. In Chart 3, indicate each subrecipient organization with a contract/agreement of \$25,000 or greater that assists grantees or project sponsors carrying out their administrative or evaluation activities. In Chart 4, indicate each subrecipient organization with a contract/agreement to provide HOPWA-funded services to client households. These elements address requirements in the Federal Funding and Accountability and Transparency Act of 2006 (Public Law 109-282).

Note: Please see the definition section for distinctions between project sponsor and subrecipient. Note: If any information does not apply to your organization, please enter N/A. Do not leave any section blank.

3. Administrative Subrecipient Information

Use Chart 3 to provide the following information for <u>each</u> subrecipient with a contract/agreement of \$25,000 or greater that assists project sponsors to carry out their administrative services but no services directly to client households. Agreements include: grants, subgrants, loans, awards, cooperative agreements, and other forms of financial assistance; and contracts, subcontracts, purchase orders, task orders, and delivery orders. (Organizations listed may have contracts with project sponsors) These elements address requirements in the Federal Funding and Accountability and Transparency Act of 2006 (Public Law 109-282).

Complete the following information for each subrecipient organization providing HOPWA-funded services to client households. These organizations would hold a contract/agreement with a project sponsor(s) to provide these services. For example, a subrecipient organization may receive funds from a project sponsor to provide nutritional services for clients residing within a HOPWA facility-based housing program. Please note that subrecipients who work directly with client households must provide performance data for the grantee to include in Parts 2-7 of the CAPER.

Note: Please see the definition of a subrecipient for more information.

Note: Types of contracts/agreements may include: grants, sub-grants, loans, awards, cooperative agreements, and other forms of financial assistance; and contracts, subcontracts, purchase orders, task orders, and delivery orders.

Note: If any information is not applicable to the organization, please report N/A in the appropriate box. Do not leave boxes blank.

5. Grantee Narrative and Performance Assessment

a. Grantee and Community Overview

Provide a one to three page narrative summarizing major achievements and highlights that were proposed and completed during the program year. Include a brief description of the grant organization, area of service, the name(s) of the program contact(s), and an overview of the range/type of housing activities provided. This overview may be used for public information, including posting on HUD's website. *Note: Text fields are expandable*.

New Mexico Mortgage Finance Authority (MFA)

MFA is the PJ for the State of New Mexico. Our service area is the entire state. MFA receives the formula allocations for the City of Albuquerque and the Balance of State. The HOPWA Program in New Mexico provides funding for the following HOPWA eligible activities: Tenant Based Rental Assistance (TBRA), Short Term Rent, Mortgage and Utility Assistance (STRMU), Permanent Housing Placement Services (PHP) and Supportive Services. MFA's HOPWA program year is July 1-June 30. In 2013, three (3) project sponsors (sub-grantees) provided HOPWA assistance: Alianza of NM served the southern and eastern parts of the state, New Mexico AIDS Services served the central and northwestern parts of the state and Southwest CARE Center served the north central and northeastern parts of the state.

In 2013, the sub-grantees continued to report client data through the Homeless Management Information System (HMIS). Since HMIS does not capture all of the data required for the CAPER, sub-grantees continue to submit monthly reports through requests for reimbursement. This helps to verify the accuracy of the data reported on persons served with HOPWA funds. New Mexico's accuracy of reporting continues to improve.

Alianza of New Mexico (ANM)

Alianza of New Mexico, located in Roswell, is the only HIV specific service agency in Southern New Mexico, and works in collaboration with other agencies in Southern New Mexico. ANM is responsible for sixteen counties in this rural frontier area of New Mexico. ANM receives HOPWA funds, New Mexico Department of Health HIV Services and Prevention grants, Part B funding, and State funds. ANM also provides HIV specific services that are covered through several other funding streams. Because of this collaboration with other funding sources, ANM is able to provide comprehensive case management services to HIV+ individuals and their families.

New Mexico AIDS Services (NMAS)

In July of 1997 NMAS, in partnership with the Department of Health and three other regionally-based organizations, developed the Health Management Alliance (HMA) Collaborative which is now known as the Health Service Provider (HISP). The HSP offers quality, cost-effective services within a managed care environment enabling NMAS to provide comprehensive support services to our clients. NMAS serves clients in all regions of New Mexico and has offices in both Albuquerque and Farmington.

The services NMAS provides include: Case Management, Medical Case Management, Housing Opportunities for Persons with AIDS (HOWPA), Transitional Housing, NOLP Food Program, Rural Food Cards, Emotional Support Services, Bus Pass Program, and Travel Reimbursement. Medical services are provided through Truman Health Services. Clients are also given information regarding other qualified infectious disease clinics as relevant to their location.

NMAS's Community Health Prevention (CHP) Program provides extensive prevention and outreach services to a wide variety of at-risk urban and rural populations. CHP services include: the Women's Health Project, HIV Counseling, Testing & Referral Services, Comprehensive Risk & Counseling Services, Free Safer Sex Supplies, Syringe Exchange Harm Reduction, and the Syringe Drop Off Box. The CHP Health Education Project includes such trainings as Do it Right, Next Step, 3MV: Be Yourself, Safer Sex Forums, Safety Counts, and Healthy Relationships/SHAG (Sexy, Healthy and Gay).

NMAS's prevention education programs directly reach and impact over 10,000 at-risk individuals in New Mexico.

NMAS operates under the guidance and leadership of a Board of Directors, 28 employees and volunteers who work to fulfill the mission of the agency. NMAS provides high science-based health promotion, and disease prevention interventions that are focused on the community, the family and the client.

Program Contacts: Chief Executive Officer: Kathleen Kelley Chief Operating Officer: Jessica Molzen Chief Financial Officer: Danni Sutana Director of Services: Michael Kargas HOPWA Program Manager: Lauren Dixon Community Health Promotions Manager: Jimmy Schrock Human Resources and Insurance Manager: Mike Zuniga

NMAS provided approximately 166 clients with housing assistance in 2013 through Short Term Rental/Utility Assistance, Tenant Based Rental Assistance and Supportive Services.

NMAS in cooperation with MFA/HOPWA, has been able to provide housing assistance to over 164 clients in need of housing assistance in the past year. This has positively impacted their health and enabled clients to be compliant in taking medications and attending medical appointments. HOPWA provides assistance that has improved the overall well-being off all clients served.

Southwest CARE Center (SCC)

Southwest CARE Center was founded in 1996 by Trevor Hawkins, MD to provide high quality care to the HIV+ people of Northern New Mexico. The mission of SCC as adopted by the Board of Directors is:

"Southwest CARE Center is a recognized model of excellence in comprehensive health care. We provide medical, research, education, outreach, prevention and support services. In addition to our core HIV and Hepatitis C programs, Southwest CARE Center offers primary care to a culturally diverse community in Northern New Mexico."

The goal of SCC is to prevent HIV and prevent or reverse HIV disease progression by promoting client wellness and independence through an integrated psychosocial-medical model that addresses all life challenges that might impact health and well-being as adherence to medication is challenging without stable housing.

On July 1, 1997, SCC became the specialty HIV Service Provider for the nine northeastern counties of New Mexico under a reimbursement system developed by the New Mexico Department of Health. All HIV+ residents of Health District II and their families, caregivers and significant others regardless of their ability to pay receive HIV specialty care and related services at SCC. Related services include medical care, case management, social services and financial assistance as needed. Support services are also available and include: housing, utility assistance and transportation to and from appointments.

Southwest CARE Center has been providing housing services to HIV+ persons since January 1998. Currently we serve 644 HIV+ persons in various counties of New Mexico. Summary information regarding housing services available as well as guidelines for the program is provided to each client upon enrollment or annual re-enrollment with SCC. This summary contains explanations of the housing programs available and how they can be accessed. The case management staff is also available to assist clients with access to housing and other services.

Nancy Enright, the Program Specialist at SCC, administers the program for the activities funded by the HOPWA grant that includes Short-Term Rent, Mortgage and Utility assistance as well as eligible Supportive Services. During 2013, 94 individual unduplicated clients and their household members were served with HOPWA funds.

b. Annual Performance under the Action Plan

Provide a narrative addressing each of the following four items:

1. Outputs Reported. Describe significant accomplishments or challenges in achieving the number of housing units supported and the number households assisted with HOPWA funds during this operating year compared to plans for this assistance, as approved in the Consolidated Plan/Action Plan. Describe how HOPWA funds were distributed during your program year among different categories of housing and geographic areas to address needs throughout the grant service area, consistent with approved plans.

Alianza of NM's challenges include finding adequate, appropriate housing to provide HOPWA Tenant Based Rental Assistance in the southeastern part of the state. It is difficult to find housing that is at or below the Fair Market Rent (FMR). Housing units that are below FMR are not suitable for living and do not pass a Housing Quality Standards (HQS) inspection. Landlords whose units qualify often do not want to participate in any "HUD-like" program or accept subsidies from outside sources.

Utilizing the HOPWA Program, NMAS was able to house over 164 persons in 2013. NMAS faced several challenges in housing clients. One of the most common barriers was finding affordable housing. With non-HOPWA funds, NMAS worked with MFA as well as other organizations to build a 10 unit, affordable living apartment complex, that now houses 10 of NMAS's most in need clients. NMAS also found that in previous years there were many households that accessed services more than once a year. Due to this NMAS has increased the budget for TBRA which has enabled more clients to have long term stable housing.

Southwest CARE Center serves 644 HIV+ people in New Mexico and has been administering the HOPWA grant since 1998. We have been able to provide assistance to most of the clients who need assistance with STRMU and Supportive Services who meet the eligibility requirements. STRMU funds have kept clients in their homes and have prevented eviction. In addition we would like to provide supportive services assistance for health insurance premiums not payable by the New Mexico Department of Health or any other source. This would allow for better adherence to their medication regime and would prevent HIV infection from progressing into full blown AIDS. We work with clients around vocational rehab to help those who have relied on disability income to perhaps go back to work.

Affordability continues to be one of the main challenges our clients face in finding appropriate housing. Another big challenge is the fact that the Housing Choice Voucher programs have long waiting lists of up to 3 years, with some of the rural areas not having any voucher available at all.

^{2.} Outcomes Assessed. Assess your program's success in enabling HOPWA beneficiaries to establish and/or better maintain a stable living environment in housing that is safe, decent, and sanitary, and improve access to care. Compare current year results to baseline results for clients. Describe how program activities/projects contributed to meeting stated goals. If program did not

achieve expected targets, please describe how your program plans to address challenges in program implementation and the steps currently being taken to achieve goals in next operating year. If your program exceeded program targets, please describe strategies the program utilized and how those contributed to program successes.

All NMAS clients are provided with information regarding HOPWA. NMAS case managers are able to assist clients by providing HOPWA and other necessary resources in order to provide safe and stable living environments. By providing these clients with HOPWA assistance in a timely manner, NMAS's current rate of homelessness among its clients is less than 1%. NMAS is working to continue providing this quality of service to all clients in need in the upcoming year. NMAS has found that many clients, due to insufficient income, are not able to consistently afford housing. As previously stated, NMAS opened a 10 unit affordable housing apartment complex in Albuquerque and continues to seek out affordable housing in all areas NMAS serves.

In 2012, NMAS evaluated the HOPWA program and set a goal to provide more intensive case management to client. In 2013, NMAS restricted the budget in order to allow for more persons to be on TBRA through the HOPWA program. When a client is on TBRA they meet with their case manager monthly, if not more often, in order to discuss budgeting, health care and a review of whether or not their basic needs are being met. At that time a case managers are able to provide the necessary resources to assist the client in continuing to have stable housing and improved health. NMAS found that the majority of clients who received intensive case management improved on their budgeting skills (paid rent on time) and retained stable housing.

SCC has been able to serve 100% of clients who come to us for housing assistance provided they meet the eligibility requirements.

3. Coordination. Report on program coordination with other mainstream housing and supportive services resources, including the use of committed leveraging from other public and private sources that helped to address needs for eligible persons identified in the Consolidated Plan/Strategic Plan.

ANM has worked well with Eastern Regional Housing Authority for many years.

NMAS's primary goal is to ensure that all emergency housing needs are met. If HOPWA funds are not appropriate for a client's specific need, NMAS is able to provide assistance through DOH Ryan White Housing and City Transitional Housing. NMAS case managers are educated on various community housing resources and make referrals as needed.

SCC coordinates funds with the housing programs provided by the Housing Trust and New Mexico Department of Health housing assistance. This prevents duplication of services and allows more clients to be served.

4. Technical Assistance. Describe any program technical assistance needs and how they would benefit program beneficiaries.

Subgrantees regularly request training on rent calculation and general HOPWA regulations. MFA provides training and technical assistance, as needed. Other questions have been answered through One CPD.

c. Barriers and Trends Overview

Provide a narrative addressing items 1 through 3. Explain how barriers and trends affected your program's ability to achieve the objectives and outcomes discussed in the previous section.

1. Describe any barriers (including regulatory and non-regulatory) encountered in the administration or implementation of the HOPWA program, how they affected your program's ability to achieve the objectives and outcomes discussed, and, actions taken in response to barriers, and recommendations for program improvement. Provide an explanation for each barrier selected.

HOPWA/HUD Regulations	Planning	Housing Availability	Rent Determination and Fair Market
Discrimination/Confidentiality	Multiple Diagnoses	Eligibility	Rents Technical Assistance or Training
Supportive Services	Credit History	Rental History	Criminal Justice History
Housing Affordability	Geography/Rural Access	Other, please explain further	

HOPWA/HUD Regulations - Barriers encountered include the complicated and excessive reporting that is required during the program year, and at the end of the year.

Discrimination - In Southern New Mexico, discrimination is prevalent. Though we don't ever disclose anyone's HIV status through the housing process, clients often do. It is hard to find suitable housing with landlords that are willing to work with an HIV Service Provider.

Housing Affordability- All clients applying for HOPWA are considered low income. Therefore there is limited housing that meets HOPWA guidelines that is affordable to the client. This is especially true for those clients living in rural areas like Farmington and Gallup. NMAS has worked to form relationships with landlords in those areas in order to access the most affordable, safe and stable housing.

NMAS also opened a 10 until affordable living apartment complex in Albuquerque which has opened up opportunities for clients who could not otherwise find affordable housing.

Multiple Diagnosis- Clients who struggle with multiple diagnoses often have a difficult time with stability in all aspects of their life. NMAS is working with case managers and counselors to assist these clients by making appropriate referrals based on the client's diagnosis and needs.

Credit History/Rental History- Many NMAS clients have been evicted for non-payment of rent, owe money to creditors, or just have a poor credit history. This limits the rental properties that are willing to rent to this population. NMAS continues to work with clients on budgeting in order to decrease this issue.

Housing Availability & Rent Determination / FMR - Rent Reasonableness is difficult in the southern part of the state. Average rents in this area does is much higher than the FMR or Payment Standard. The housing units that would qualify are not affordable; and the housing units that are affordable wouldn't meet minimum standards.

Criminal Justice History- Many NMAS clients have felonies within the last 10 years. There are very few rental properties and programs for clients with this kind of background. NMAS worked the landlords in the community to find housing that meets the needs of these clients.

NMAS opened a 10 unit apartment complex that services clients who have a hard time finding housing due to the issues above. NMAS continues to work with community and other agencies to overcome these barriers and find housing that meets clients' needs.

2. Describe any trends in the community that may affect the way in which the needs of persons living with HIV/AIDS are being addressed, and provide any other information important to the future provision of services to this population.

In southeastern NM, the largest barriers are increasing rents and decreasing availability in suitable housing.

Since Southwest CARE Center is a comprehensive center of care and clients are closely in touch with their case manager, we are aware of individual issues and through our Multi-Disciplinary Team approach can address individual needs

3. Identify any evaluations, studies, or other assessments of the HOPWA program that are available to the public.

The HOPWA CAPER is available to the public for review.

d. Unmet Housing Needs: An Assessment of Unmet Housing Needs

In Chart 1, provide an assessment of the number of HOPWA-eligible households that require HOPWA housing subsidy assistance but are not currently served by any HOPWA-funded housing subsidy assistance in this service area.

In Row 1, report the total unmet need of the geographical service area, as reported in *Unmet Needs for Persons with HIV/AIDS*, Chart 1B of the Consolidated or Annual Plan(s), or as reported under HOPWA worksheet in the Needs Workbook of the Consolidated Planning Management Process (CPMP) tool.

Note: Report most current data available, through Consolidated or Annual Plan(s), and account for local housing issues, or changes in HIV/AIDS cases, by using combination of one or more of the sources in Chart 2.

If data is collected on the type of housing that is needed in Rows a. through c., enter the number of HOPWA-eligible households by type of housing subsidy assistance needed. For an approximate breakdown of overall unmet need by type of housing subsidy assistance refer to the Consolidated or Annual Plan (s), CPMP tool or local distribution of funds. Do not include clients who are already receiving HOPWA-funded housing subsidy assistance.

Refer to Chart 2, and check all sources consulted to calculate unmet need. Reference any data from neighboring states' or municipalities' Consolidated Plan or other planning efforts that informed the assessment of Unmet Need in your service area. *Note:* In order to ensure that the unmet need assessment for the region is comprehensive, HOPWA formula grantees should include those unmet needs assessed by HOPWA competitive grantees operating within the service area.

1. Total number of households that have unmet housing subsidy assistance need.	111
2. From the total reported in Row 1, identify the number of households with unmet housing needs by type of housing subsidy assistance:	
a. Tenant-Based Rental Assistance (TBRA)	11
b. Short-Term Rent, Mortgage and Utility payments (STRMU)	100
 Assistance with rental costs Assistance with mortgage payments Assistance with utility costs. 	85 15 100
c. Housing Facilities, such as community residences, SRO dwellings, other housing facilities	

<u>1. Planning Estimate of Area's Unmet Needs for HOPWA-Eligible Households</u>

2. Recommended Data Sources for Assessing Unmet Need (check all sources used)

х	= Data as reported in the area Consolidated Plan, e.g. Table 1B, CPMP charts, and related narratives					
	= Data established by area HIV/AIDS housing planning and coordination efforts, e.g. Continuum of Care					
$\mathbf{X} = \mathbf{I}$	X = Data from client information provided in Homeless Management Information Systems (HMIS)					
	= Data from project sponsors or housing providers, including waiting lists for assistance or other assessments on need including those completed by HOPWA competitive grantees operating in the region.					
	= Data from prisons or jails on persons being discharged with HIV/AIDS, if mandatory testing is conducted					
	= Data from local Ryan White Planning Councils or reported in CARE Act Data Reports, e.g. number of clients with permanent housing					
	= Data collected for HIV/AIDS surveillance reporting or other health assessments, e.g. local health department or CDC surveillance data

PART 2: Sources of Leveraging and Program Income

1. Sources of Leveraging

Report the source(s) of cash or in-kind leveraged federal, state, local or private resources identified in the Consolidated or Annual Plan and used in the delivery of the HOPWA program and the amount of leveraged dollars. In Column [1], identify the type of leveraging. Some common sources of leveraged funds have been provided as a reference point. You may add Rows as necessary to report all sources of leveraged funds. Include Resident Rent payments paid by clients directly to private landlords. Do NOT include rents paid directly to a HOPWA program as this will be reported in the next section. In Column [2] report the amount of leveraged funds expended during the operating year. Use Column [3] to provide some detail about the type of leveraged contribution (e.g., case management services or clothing donations). In Column [4], check the appropriate box to indicate whether the leveraged contribution was a housing subsidy assistance or another form of support. *Note: Be sure to report on the number of households supported with these leveraged funds in Part 3, Chart 1, Column d.*

2. Program Income and Resident Rent Payments

In Section 2, Chart A., report the total amount of program income and resident rent payments directly generated from the use of HOPWA funds, including repayments. Include resident rent payments collected or paid directly to the HOPWA program. Do NOT include payments made directly from a client household to a private landlord.

Note: Please see report directions section for definition of <u>program income</u>. (Additional information on program income is available in the HOPWA Grantee Oversight Resource Guide).

PART 3: Accomplishment Data Planned Goal and Actual Outputs

In Chart 1, enter performance information (goals and actual outputs) for all activities undertaken during the operating year supported with HOPWA funds. Performance is measured by the number of households and units of housing that were supported with HOPWA or other federal, state, local, or private funds for the purposes of providing housing assistance and support to persons living with HIV/AIDS and their families.

Note: The total households assisted with HOPWA funds and reported in PART 3 of the CAPER should be the same as reported in the annual year-end IDIS data, and goals reported should be consistent with the Annual Plan information. Any discrepancies or deviations should be explained in the narrative section of PART 1.

In Row a., enter the total number of households served and the amount of HOPWA funds expended on Short-Term Rent, Mortgage and Utility (STRMU) Assistance. In Row b., enter the total number of STRMU-assisted households that received assistance with mortgage costs only (no utility costs) and the amount expended assisting these households. In Row c., enter the total number of STRMU-assisted households that received assistance with both mortgage and utility costs and the amount expended assisting these households. In Row d., enter the total number of STRMU-assisted households that received assistance with rental costs only (no utility costs) and the amount expended assisting these households. In Row e., enter the total number of STRMU-assisted households that received assistance with both rental and utility costs and the amount expended assisting these households. In Row f., enter the total number of STRMU-assisted households. In Row e., enter the total number of stream of STRMU-assisted households that received assistance with both rental and utility costs and the amount expended assisting these households. In Row f., enter the total number of STRMU-assisted households that received assistance with utility costs only (not including rent or mortgage costs) and the amount expended assisting these households. In row g., report the amount of STRMU funds expended to support direct program costs such as program operation staff.

Data Check: The total households reported as served with STRMU in Row a., column [1] and the total amount of HOPWA funds reported as expended in Row a., column [2] equals the household and expenditure total reported for STRMU in Part 3, Chart 1, Row 4, Columns b. and f., respectively.

Data Check: The total number of households reported in Column [1], Rows b., c., d., e., and f. equal the total number of STRMU households reported in Column [1], Row a. The total amount reported as expended in Column [2], Rows b., c., d., e., f., and g. equal the total amount of STRMU expenditures reported in Column [2], Row a.

Part 4: Summary of Performance Outcomes

In Column [1], report the total number of eligible households that received HOPWA housing subsidy assistance, by type. In Column [2], enter the number of households that continued to access each type of housing subsidy assistance into next operating year. In Column [3], report the housing status of all households that exited the program.

Data Check: The sum of Columns [2] (Number of Households Continuing) and [3] (Exited Households) equals the total reported in Column[1]. **Note**: Refer to the housing stability codes that appear in Part 5: Worksheet - Determining Housing Stability Outcomes.

Section 2. Prevention of Homelessness: Assessment of Client Outcomes on Reduced Risks of Homelessness (Short-Term Housing Subsidy Assistance)

Report the total number of households that received STRMU assistance in Column [1].

In Column [2], identify the outcomes of the households reported in Column [1] either at the time that they were known to have left the STRMU program or through the project sponsor or subrecipient's best assessment for stability at the end of the operating year.

Information in Column [3] provides a description of housing outcomes; therefore, data is not required. At the bottom of the chart:

- In Row 1a., report those households that received STRMU assistance during the operating year of this report, and the prior operating year.
- In Row 1b., report those households that received STRMU assistance during the operating year of this report, and the two prior operating years.

Data Check: The total households reported as served with STRMU in Column [1] equals the total reported in Part 3, Chart 1, Row 4, Column b.

Data Check: The sum of Column [2] should equal the number of households reported in Column [1].

Section 3. HOPWA Outcomes on Access to Care and Support

1a. Total Number of Households

Line [1]: For project sponsors/subrecipients that provided HOPWA housing subsidy assistance during the operating year identify in the appropriate row the number of households that received HOPWA housing subsidy assistance (TBRA, STRMU, Facility-Based, PHP and Master Leasing) and HOPWA funded case management services. Use Row c. to adjust for duplication among the service categories and Row d. to provide an unduplicated household total.

Line [2]: For project sponsors/subrecipients that did <u>NOT</u> provide HOPWA housing subsidy assistance identify in the appropriate row the number of households that received HOPWA funded case management services.

Note: These numbers will help you to determine which clients to report Access to Care and Support Outcomes for and will be used by HUD as a basis for analyzing the percentage of households who demonstrated or maintained connections to care and support as identified in Chart 1b. below.

1b. Status of Households Accessing Care and Support

Column [1]: Of the households identified as receiving services from project sponsors/subrecipients that provided HOPWA housing subsidy assistance as identified in Chart 1a., Row 1d. above, report the number of households that demonstrated access or maintained connections to care and support within the program year.

Column [2]: Of the households identified as receiving services from project sponsors/subrecipients that did NOT provide HOPWA housing subsidy assistance as reported in Chart 1a., Row 2b., report the number of households that demonstrated improved access or maintained connections to care and support within the program year.

Note: For information on types and sources of income and medical insurance/assistance, refer to Charts below.

PART 5: Worksheet - Determining Housing Stability Outcomes (optional)

1. This chart is designed to assess program results based on the information reported in Part 4 and to help Grantees determine overall program performance. Completion of this worksheet is <u>optional</u>.

Background on HOPWA Housing Stability Codes

Stable Permanent Housing/Ongoing Participation

3 = Private Housing in the private rental or home ownership market (without known subsidy, including permanent placement with families or other self-sufficient arrangements) with reasonable expectation that additional support is not needed.

- 4 = Other HOPWA-funded housing subsidy assistance (not STRMU), e.g. TBRA or Facility-Based Assistance.
- 5 = Other subsidized house or apartment (non-HOPWA sources, e.g., Section 8, HOME, public housing).
- 6 = Institutional setting with greater support and continued residence expected (e.g., residential or long-term care facility).

Temporary Housing

2 = Temporary housing - moved in with family/friends or other short-term arrangement, such as Ryan White subsidy, transitional housing for homeless, or temporary placement in institution (e.g., hospital, psychiatric hospital or other psychiatric facility, substance abuse treatment facility or detox center).

Unstable Arrangements

1 = Emergency shelter or no housing destination such as places not meant for habitation (e.g., a vehicle, an abandoned building, bus/train/subway station, or anywhere outside).

7 = Jail /prison.

8 = Disconnected or disappeared from project support, unknown destination or no assessments of housing needs were undertaken.

Life Event

9 = Death, i.e., remained in housing until death. This characteristic is not factored into the housing stability equation.

Tenant-based Rental Assistance: <u>Stable Housing</u> is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as reported under: 3, 4, 5, and 6. <u>Temporary Housing</u> is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item: 2. <u>Unstable Situations</u> is the sum of numbers reported under items: 1, 7, and 8.

Permanent Facility-Based Housing Assistance: <u>Stable Housing</u> is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Temporary <u>Housing</u> is the number of households

that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. <u>Unstable Situations</u> is the sum of numbers reported under items: 1, 7, and 8.

Transitional/Short-Term Facility-Based Housing Assistance: <u>Stable Housing</u> is the sum of the number of households that (i) continue in the residences (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Other <u>Temporary Housing</u> is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. <u>Unstable Situations</u> is the sum of numbers reported under items: 1, 7, and 8.

Tenure Assessment. A baseline of households in transitional/short-term facilities for assessment purposes, indicate the number of households whose tenure exceeded 24 months.

STRMU Assistance: <u>Stable Housing</u> is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period and there is reasonable expectation that additional support is not needed in order to maintain permanent housing living situation (as this is a time-limited form of housing support) as reported under housing status: Maintain Private Housing with subsidy; Other Private with Subsidy; Other HOPWA support; Other Housing Subsidy; and Institution. <u>Temporarily Stable</u>, with Reduced Risk of Homelessness is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period or left their current housing arrangement for a transitional facility or other temporary/non-permanent housing arrangement and there is reasonable expectation additional support will be needed to maintain housing arrangements in the next year, as reported under housing status: Likely to maintain current housing arrangements. <u>Unstable Situation</u> is the sum of number of households reported under housing status: Emergency Shelter; Jail/Prison; and Disconnected.

PART 6: Annual Certification of Continued Usage for HOPWA Facility-Based Stewardship Units (ONLY)

The Annual Certification of Usage for HOPWA Facility-Based Stewardship Units is to be used in place of Part 7B of the CAPER if the facility was originally acquired, rehabilitated or constructed/developed in part with HOPWA funds but no HOPWA funds were expended during the operating year. Scattered site units may be grouped together on one page.

Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation are required to operate their facilities for HOPWA eligible individuals for at least ten (10) years. If non-substantial rehabilitation funds were used they are required to operate for at least three (3) years. Stewardship begins once the facility is put into operation.

Note: See definition of Stewardship Units.

Part 7: Summary Overview of Grant Activities

A. Information on Individuals, Beneficiaries, and Households Receiving HOPWA Housing Subsidy Assistance (TBRA, STRMU, Facility-Based Units, Permanent Housing Placement and Master Leased Units ONLY)

Note: Reporting for this section should include ONLY those individuals, beneficiaries, or households that received and/or resided in a household that received HOPWA Housing Subsidy Assistance as reported in Part 3, Chart 1, Row 7, Column b. (e.g., do not include households that received HOPWA supportive services ONLY).

Section 1. HOPWA-Eligible Individuals who Received HOPWA Housing Subsidy Assistance

a. Total HOPWA Eligible Individuals Living with HIV/AIDS

In Chart a., provide the total number of eligible (and unduplicated) <u>low-income individuals living with HIV/AIDS</u> who qualified their household to receive HOPWA housing subsidy assistance during the operating year. This total should include only the individual who qualified the household for HOPWA assistance, NOT all HIV positive individuals in the household.

Chart b. Prior Living Situation

In Chart b., report the prior living situations for all Eligible Individuals reported in Chart a. In Row 1, report the total number of individuals who continued to receive HOPWA housing subsidy assistance from the prior operating year into this operating year. In Rows 2 through 17, indicate the prior living arrangements for all new HOPWA housing subsidy assistance recipients during the operating year.

Data Check: The total number of eligible individuals served in Row 18 equals the total number of individuals served through housing subsidy assistance reported in Chart a. above.
