OVERVIEW INFORMATION

INTRODUCTION AND BACKGROUND

The Federal Register Notice No. FR-6225-N-01 and updated Program Notice FR-6265-N-01 as authorized under Section 8071 of the SUPPORT for Patients and Communities Act, entitled Pilot Program to Help Individuals in Recovery from a Substance Use Disorder (SUD) become stably housed, authorizes assistance to grantees (states) to provide stable, temporary housing to individuals in recovery from a substance use disorder.

The Department of Finance and Administration – Local Government Division (DFA-LGD) is providing authorization to the New Mexico Mortgage Finance Authority (MFA) to serve as administrator of New Mexico’s Recovery Housing Program (RHP) to include development of the RHP action plan and implementation of activities described in the plan.

MFA, as subrecipient of the State of New Mexico's RHP allocations, will guide the use of approximately \$940,000 of the FY2020, \$902,621 of the FY2021, \$1,013,918 of the FY2022, and \$1,268,811 of the FY2023 RHP funding received by the State through the U.S. Department of Housing and Urban Development's Community Development Block Grant (CDBG) Program for the period of July 1, 2021, through September 1, 2028.

According to a New Mexico Substance Use Disorder Treatment Gap Analysis presented by the New Mexico Department of Health (NMDOH), substance use is a significant public health issue in New Mexico. New Mexico recognizes that treatment is necessary, but accessibility is insufficient for long-term recovery of low- and moderate-income and homeless individuals recovering from SUD, mental health conditions, and criminal justice involvement. Housing stability is fundamental to recovery and a critical factor contributing to positive outcomes. Participants who know they will exit to stable housing are more likely to successfully complete treatment. Many individuals who exit treatment will return to homelessness without long-term, affordable housing, and comprehensive, evidence-based wrap-around case management services. It is reported that of those exiting treatment for a substance use disorder or mental health condition, only 50% of those in need of housing received housing assistance according to the gap analysis. Data also shows that without stable housing, the risk of relapse and inability to maintain abstinence is greatly increased.

AGENCY CONTACTS

NM DFA-LGD will oversee MFA’s administration of the entire New Mexico RHP allocations for FY2020, FY2021, FY2022, FY2023 and subsequent allocations. As such, DFA-LGD will provide grant management, monitoring, and ensure environmental review compliance. It will also ensure compliance with residential anti-displacement and relocation assistance plans, following their adoption, and the acquisition and relocation requirements of the Uniform Relocation Act. DEFINITIONS

INDIVIDUAL IN RECOVERY

A person who is in the process of change to improve their health and wellness, live a self-directed life, and strive to reach their full potential.

SUBSTANCE USE DISORDER

As defined by Substance Abuse and Mental Health Services Administration (SAMHSA), substance use disorder is the recurrent use of alcohol and/or drugs causing clinically significant impairment, including health problems, disability, and failure to meet major responsibilities at work, school, or home.

RECOVERY RESIDENCE

A recovery residence may be a single-family home or an apartment that provides a safe, healthy, and substance-free living environment for persons recovering from a substance use disorder. Recovery residences generally provide peer support and a connection to services that promote long-term recovery.

AWARD INFORMATION

AWARD NOTICE

MFA shall provide written notice of the award to qualified applicants within fifteen (15) days of the date of the award approval by MFA’s Board of Directors. The award shall be contingent upon signing final documents.

FUNDING ALLOCATION

The Department of Finance and Administration – Local Government Division (DFA-LGD) is providing authorization to the New Mexico Mortgage Finance Authority (MFA) to administer one hundred percent (100%) of New Mexico’s RHP allocation. To date, MFA has approved \$2,713,712 in RHP awards to qualified service providers. The total available under this NOFA is **\$2,349,583.50**.

FUNDING TERMS AND CONDITIONS

All awards will be subject to the availability of funds, applicable law, and funding source regulation. MFA will allocate only the minimum amount of funds that it determines to be necessary for the financial feasibility of a project and its viability.

Awards will be made in the form of grants, which may be for interim and/or permanent financing for eligible activities. The terms and conditions for each award will be based on the financing needs of each project or activity within the funding source regulations and limitations.

The recording of a Land Use Restriction Agreement (LURA) will be required for all grants that purchase, construct, or rehabilitate real property, for a minimum of 30 years. The LURA will remain in place throughout the required affordability period regardless of the status of any loans or changes in ownership, unless equal or more restrictive restrictions are in place from other funding sources or imposed through permanent affordability mechanisms such as deed restrictions or land trusts.

METHOD OF DISTRIBUTION

MFA will distribute one hundred percent (100%) of recovery housing funds for the purpose of use on eligible activities less eligible administrative costs. MFA will solicit qualitative and quantitative information from applicants who demonstrate a need for the project being proposed for RHP funding. MFA will consider both the projected demand for the proposed temporary recovery housing units and the financial need for assistance.

ELIGIBILITY INFORMATION

ELIGIBLE APPLICANTS

MFA will make awards of RHP funding to local governments, public and private non-profit organizations, and Indian tribes who demonstrate the ability to offer recovery housing services. Public and private nonprofit organizations can be located in all geographic areas within the State of New Mexico, including CDBG entitlement areas. Public and private nonprofit organizations must be exempt from taxation under subtitle C of section 501(c), have an accounting system, a voluntary board, be actively engaged in recovery housing efforts in New Mexico or previously engaged in recovery housing efforts in New Mexico, and practice nondiscrimination in the provision of assistance. Assistance may be provided to primarily religious organizations that agree to provide all eligible activities in a manner that is free from religious influence.

Agencies are required to comply with HUD FHEO (Fair Housing Equal Opportunity), federal fair housing laws and must have established policies and procedures that ensure equal access to all eligible individuals.

Agencies are required to have a primary mission to provide recovery housing.

ELIGIBLE ACTIVITIES

According to FR-6225-N-01 Section H. - Overview of Grant Process and RHP Action Plan Requirements, eligible activities include the following:

PUBLIC FACILITIES AND IMPROVEMENTS

RHP funds may be used for activities under 24 CFR 570.201(c) or section 105(a)(2) of the HCD Act (42 USC 5305(a)(2)) which include but are not limited to the acquisition, construction, reconstruction, or installation (including design features and improvements with respect to such construction, reconstruction, or installation that promote energy efficiency) of public works, facilities (except for buildings for the general conduct of government), and site or other improvements only for the purpose of providing stable, temporary housing for individuals in recovery from a substance use disorder in accordance with Section 8071 and this notice.

ACQUISITION OF REAL PROPERTY

RHP funds may be used for acquisition of real property under 24 CFR 570.201(a) or section 105(a)(1) of the HCD Act (42 USC 5305(a)(1)) for the purpose of providing stable, temporary housing to persons in recovery from a substance use disorder. For example, a nonprofit could purchase a residential property for the purpose of providing stable, temporary housing for individuals in recovery from a substance use disorder in accordance with Section 8071 and this notice.

LEASE, RENT, AND UTILITIES

HUD is waiving and modifying 42 U.S.C. 5305(a)(8), 24 CFR 570.207(b)(4), 24 CFR 570.201(e), and 24 CFR 570.482(c)(2) to the extent necessary to permit RHP funds to be used to make payments for lease, rent, utilities, and associated costs (e.g. fees), for the purpose of providing stable, temporary housing, on behalf of an individual in recovery from a substance use disorder in accordance with Section 8071 and this notice. Under this waiver and alternative requirement, such payments are not limited to 15 percent of the RHP grant, and the individual may be assisted for up to two (2) years or until the assisted individual finds permanent housing, whichever is earlier. These payments may not be made directly to an individual. These payments may not have been previously paid from other sources; and the payments must result in either a new service and/or a quantifiable increase in the level of an existing service above that which has been provided in the twelve (12) calendar months prior to approval of the RHP Action Plan. For example, a subrecipient currently operating a recovery group home may use RHP funds to rent an additional house and increase the number of persons served. In which case, the rent and utility costs of the additional house may be paid with RHP funds; however, the rent and utilities of the original house would not be an eligible cost under the RHP program. In this example, an individual may only stay in the temporary housing assisted by RHP for a period of up to two (2) years or until the individual finds permanent housing, whichever is earlier.

REHABILITATION AND RECONSTRUCTION OF SINGLE UNIT RESIDENTIAL

RHP funds may be used for rehabilitation or reconstruction of publicly- or privately-owned single-unit residential buildings and improvements eligible under 24 CFR 570.202(a)(1) or section 105(a)(4) of the HCD Act (42 USC 5305(a)(4)) which include but are not limited to privately owned buildings and improvements for residential purposes; improvements to single-family residential property which is also used as a place of business, which are required in order to operate the business, for the purpose of providing stable, temporary housing for individuals in recovery from a substance use disorder in accordance with Section 8071 and this notice.

REHABILITATION AND RECONSTRUCTION OF MULTI-UNIT RESIDENTIAL

RHP funds may be used for rehabilitation or reconstruction of publicly- or privately-owned buildings and improvements with two or more permanent residential units that otherwise comply with 24 CFR 570.202(a) and section 105(a)(4) of the HCD Act (42 USC 5305(a)(4)) for the purpose of providing stable, temporary housing for individuals in recovery from a substance use disorder in accordance with Section 8071 and this notice.

REHABILITATION AND CONSTRUCTION OF PUBLIC HOUSING

RHP funds may be used for rehabilitation or reconstruction of buildings and improvements owned and operated by a public housing authority to the extent eligible under 24 CFR 570.202(a)(2) and section 105(a)(4) of the HCD Act (42 USC 5305(a)(4)), for the purpose of providing stable, temporary housing for individuals in recovery from a substance use disorder in accordance with Section 8071 and this notice.

DISPOSITION OF REAL PROPERTY

RHP funds may be used for disposition costs through sale, lease, or donation, or otherwise of real property acquired with RHP funds subject to 24 CFR 570.201(b) and section 105(a)(7) of the HCD Act (42 USC 5305(a)(7)), for the

purpose of providing stable, temporary housing for individuals in recovery from a substance use disorder in accordance with Section 8071 and this notice. Eligible costs may include costs incidental to disposing of the property, such as preparation of legal documents, fees paid for surveys, transfer taxes, and other costs involved in the transfer of ownership of the RHP-assisted property.

CLEARANCE AND DEMOLITION

RHP funds may be used for clearance, demolition, and removal of buildings and improvements, including movement of structures to other sites to the extent eligible under 24 CFR 570.201(d) or section 105(a)(4) of the HCD Act (42 USC 5305(a)(4)) for the purpose of providing stable, temporary housing for individuals in recovery from a substance use disorder in accordance with Section 8071 and this notice. This is limited to projects where RHP funds are used only for the clearance and demolition.

RELOCATION

RHP funds may be used for relocation payments and other assistance for permanently or temporarily displaced individuals and families in connection with activities using RHP funds, to the extent eligible under 24 CFR 570.201(i) and section 105(a)(11) of the HCD Act (42 USC 5305(a)(11)) which include but are not limited to relocation payments and other assistance for permanently and temporarily relocated individuals families, businesses, nonprofit organizations, and farm operations and the additional provisions under the stated provisions.

EXPANSION OF EXISTING ELIGIBLE ACTIVITIES TO INCLUDE NEW CONSTRUCTION

RHP funds can be used for new construction of housing, to the extent the newly constructed housing shall be used for the purpose of providing stable, temporary housing for individuals in recovery from a substance use disorder in accordance with Section 8071 and this notice. HUD is waiving 42 USC 5305(a) and 24 CFR 570.207(b)(3) and adopting alternative requirements to the extent necessary to permit new construction of housing, subject to the same requirements that apply to rehabilitation activities under the provisions at section 105(a)(4) of the HCD Act (42 USC 5305(a)(4)) and 24 CFR 570.202(b).

LAND USE RESTRICTION AGREEMENT

Agencies awarded RHP funds will be required to place a Land Use Restriction Agreement (LURA) on each project and/or property funded or purchased with RHP funds for a minimum of 30 years. MFA may require an additional term after the compliance period based on the amount awarded.

ENVIRONMENTAL REQUIREMENTS

All projects are subject to an environmental review and must receive appropriate clearance prior to any expenditure of funds, including soft costs and lead-based paint costs. MFA is the responsible entity for the environmental review and is required to perform environmental reviews on all approved projects. Applicants will be required to provide all necessary forms, certifications, and documentation in order for MFA to complete the environmental review. MFA will issue the Authority to Use Grant Funds.

FLOOD INSURANCE

Owners of properties located in floodplains or wetlands as identified by the Federal Emergency Management Agency (FEMA) shall be required to obtain and maintain flood insurance as a condition of receiving funding. At initial intake, agencies must contact MFA for verification that a property is not located in a flood plain.

LEAD-BASED PAINT

HUD has revised and consolidated its lead-based paint regulations, which are listed in 24 CFR Part 35 and can be found at <https://www.law.cornell.edu/cfr/text/24/part-35>. The changes enacted by the new regulation affect rehabilitation. Major changes under the new lead-based paint regulation include notification, lead hazard evaluation, lead hazard reduction, ongoing maintenance, and addressing children with Environmental Intervention Blood Lead Levels.

On April 22, 2008, EPA issued a rule requiring the use of lead-safe practices and other actions aimed at preventing lead poisoning. Under the rule, beginning in April 2010, contractors performing renovation, repair, and painting projects that disturb lead-based paint in homes, childcare facilities, and schools built before 1978 must be certified and must follow specific work practices to prevent lead contamination.

All Eligible Agencies must certify and comply with applicable lead-based paint regulations listed in 24 CFR Part 35. Fees for testing and abatement are invoiced to a separate set-aside fund specifically for lead-based paint activities. These fees are not passed to the homeowner and are allowable expenses under RHP.

OTHER FEDERAL AND STATE REQUIREMENTS

All projects must meet Section 3, Uniform Relocation Guidance, Conflict of Interest Requirements as well as any other federal and state requirements applicable to Recovery Housing.

Staff may contact applicants for clarification of the information provided. In the event of a tie score, staff will recommend approval based on need as determined by staff. MFA will enter into performance agreements and related agreements with the applicants whose applications are deemed to be most advantageous to achieving the goals of RHP. All loans, grants and related agreements will include provisions for adequate security against the loss of RHP funds in the event that a successful applicant abandons or otherwise fails to complete a project and further will include remedies and default provisions in the event of the unsatisfactory performance by the successful applicant.
