Housing New Mexico
Executive Director/CEO

Housing New Mexico continues to drive affordable housing initiatives across the state, making a real difference in the lives of thousands of New Mexicans. In **2025**, we, along with our partners delivered **\$739.4 million** in funding for affordable housing, serving **17,696** families and households.

This includes **\$583.3 million** in mortgage loans and down payment assistance for **2,287** first-time homebuying families, creating opportunities to enter homeownership.

Creating more housing supply is at the heart of our mission. Through numerous programs, **2,257 homes** were created or preserved, using **\$98.4 million** in funding. Rental and single-family development alone contributed to **\$404.82 million in direct and indirect economic impact, and 4,970 jobs supported**, from construction activity and induced effect of spending income and tax revenue.

With 2025 in the rearview mirror, it's important we reflect upon the thousands of New Mexicans who have been positively impacted since the creation of the New Mexico Mortgage Finance Authority in 1975. As the state's housing authority, Housing New Mexico has assisted over 505,000 New Mexicans over the past 50 years. From providing funding for homelessness prevention to providing down payment assistance on mortgages, we have been helping New Mexicans across the state for five decades. From just an idea in 1975, we now have over 40 programs, close to 400 partners, and over 40 funding sources.

We could not be prouder to deliver these results for our community. Looking to the road ahead, we will continue to build on the momentum our predecessors created in 1975 and maintained through the decades and work together to continue housing New Mexico for another 50 years.
